“ As the leader of an incredibly busy Sales Team, I am always looking for ways to reward our Account Managers. In the past we have been down the more traditional road...dinner, lunches, and the like...but when Neil from the Savoy Baths suggested a “Spa Party” within the Station I thought it was worth a try.

To say it was a success would be an understatement!

We divided the Team into small groups of four and off they went...and as a Manager it was a real buzz to see the looks on each individual’s face as they came out after an hour of pampering. The Station Boardroom was transformed, and for a short period of time the Account Managers were able to forget the cares of the day and simply relax. The whole experience was fantastic, you could actually feel the stress levels within the building disappear, there was only an hour of “down time” for each person...plus we all smelt incredible afterwards!

I can personally recommend the Spa Party concept to any business organisation. Most of the Team expressed to me that it was the best thing we have ever done as a Sales Team, and I have already begun to see the positive benefits in terms of productivity and a generally more happy environment. The only challenge I now have is when to do the next one!

Thanks Neil and the Team for making a real difference! ”  
**Antony Manton - General Manager**

## testimonials

"Thank you so much for the wonderful treat yesterday. It was incredibly relaxing. I felt like I had been transported to a wonderful place...quiet, soothing, relaxing and very luxurious. All in one hour..it was certainly nothing I thought I could experience at work. Thanks to everyone involved. It will always be a pleasant memory I will hold on to."

***Kathy Rhategan - Account Manager***

"Prior to yesterday's Pamper Session I was feeling tired and stressed, but after the one hour session I felt relaxed and rejuvenated. The massage in particular was very relaxing and made me feel much more comfortable in the top half of my body. The facial took a lot of the heat out of my face and left it feeling fresh and tingly. The hand massage left a clean and soft feeling, while the foot massage eased those tired and aching limbs. I can thoroughly recommend this treatment and look forward to my next experience."

***Tony Riley - Senior Account Manager***

"What a great experience! To be pampered at work.....who ever thought our High Powered, Energetic Boardroom could be transformed into a place of Peace, Calm and total relaxation. Thanks to the wonderful therapists at The Savoy Baths and Day Spa, my head and body is in a totally different space and I find myself thinking how great I feel and less stressed, the knots in my neck and shoulders are gone and my skin, well.....it feels like skin should. I would totally recommend that any Business small, large and any industry should all organise Neil and the team to visit their business. Even the blokey guy's from our work loved the treatments we received. I have to say I loved each one. The back, shoulder & neck massage, the mini facial, hand massage and the crystal mud foot spa."

***Vanessa Ward - Senior Account Manager***

"Only someone who's got time makes the time to pamper themselves! To have the opportunity to take part in the Savoy's New Business Pamper Party (I think that's what it's called!) was amazing, exhilarating and soooooo relaxing! To not only have a massage (which is what you might usually make time for), but to have a facial/foot/hand treatment AND a massage all in one hour was the perfect example of an hour well spent. Thank you Savoy!

***Aeshlie Wheeler - Cadet Account Manager***
